# HDMI CERTIFIED CABLES & DVI WITH SWIVEL CONNECTOR

**HDMI**™  
HIGH-DEFINITION MULTIMEDIA INTERFACE

**RoHS**  
"GREEN" COMPLIANT

## FEATURES:

**HDMI certified cables**  
**Lead-free and toxic-free "Green" cables**  
Supports up to 5Gbps bandwidth  
**Flexible DVI swivel connector**  
HDCP compliant

## PRODUCTION PROCESS:

**Laser jacket stripping & aluminum foil cutting**  
**Precise machine soldering**

## APPLICATIONS:

HDTV, Plasma & LCD screens  
Home theater systems & digital Set-top boxes  
Satellite receivers & digital DVD players  
High resolution computer monitors  
Windows Media Center PC's  
Digital projectors

\*Extended length cables may not be readily available.

## PREMIUM GOLD CABLES:

### HDMI Male to Male Cables

Connects any HDTV & switches with HDMI. Supports high-bandwidth, uncompressed video & multi-channel audio. (Part#: HDMIG Series / Length: 1, 2, 3, 5, 8, 15, 30\*, 35\* Meters).

### HDMI Male to Female Extension Cables

Extends any HDMI cables. (Part#: HDMIXG Series / Length: 2, 3, 5M).

### HDMI Male to DVI Male Cables

Connects any home theater devices with HDMI to DVI, or vice versa. (Part#: HDVIG Series / Length: 1, 2, 3, 5M)

### DVI Male to Male Cables

Connects any home theater devices with DVI. (Part#: HSDVIG Single Link Series / Length: 2, 3, 5, 8, 15, 30\*, 35\* Meters)

### DVI Male to Male Cables with Swivel Connectors

Connects any home theater devices with DVI. (Part#: HSDVIGA Single Link Series / Length: 2, 3M)

### DVI Male to Female Extension Cables

Extends any DVI cables. (Part#: HSDVIXG Single Link Series / Length: 2, 3, 5M)

## COUPLERS & ADAPTORS:

### HDMI Female to DVI Male Adaptors

Converts any HDTV DVI connections into HDMI or converts any HDMI cable into DVI. (Part#: HDVI-FM or HDVIA-FM for Swivel Type)

### HDMI Male to DVI Female Adaptors

Converts any HDTV HDMI connections into DVI or converts any DVI cable into HDMI. (Part#: HDVI-MF or HDVIA-MF for Swivel Type)

### HDMI & DVI Gender Changers

Includes HDMI female to female and DVI female to female couplers.

### M1 InFocus Video Port Conversion

Includes M1 to HDMI and M1 to DVI adaptors.

## DVI PATENT-PENDING SWIVEL CONNECTOR

This unique flexible connector allows an adaptor to transform into a right-angle or left-angle without having an effect on its performance. It is perfect for wall-mount panel installations and other tight areas.

# HDTV A/V CABLES

## A/V PREMIUM CABLES

### HDMI Male to Male HDTV Cable

Connects any HDTV & switches with HDMI. Supports high-bandwidth, uncompressed video & multi-channel audio. (Part#: HDMIG Series / Length: 1, 2, 3, 5, 8M)

### 5RCA Premium Component Combo Cables Kit

Connects any home theater devices with component audio & video connectors. It has braid shielding with translucent smoke-colored jacket to prevent electrical interference and shielded 75ohm coax conductors for accurate high definition video. Color-coded gold plated molded connectors. (Part#: RCA5AV Series / Lengths: 6, 12, 25, 50ft)

### FireWire/i.Link 6Pin Translucent Cables

Connects any home theater devices with a 6pin port. (Part#: CC1394-xxT Series / Lengths: 3, 6, 10, 15, 25ft)

### FireWire/i.Link 6Pin to 4Pin Translucent Cables

Connects any home theater devices with 6pin to video camcorder with 4pin port. (Part#: CC1394B-xxT Series / Lengths: 3, 6, 10, 15, 25ft)

## VIDEO PREMIUM CABLES

### HDMI Male to DVI Male Cable

Connects any HDTV set-top boxes, DTV, DVD, switch or splitter with HDMI to DVI, or vice versa. This premium cable supports high-bandwidth video, has double shielding for maximum video performance, prevents signal loss & screen ghosting. (Part#: HDVIG Series / Length: 1, 2, 3, 5M)

### DVI High Performance Cable

Connects any DVI digital flat panel, HDTV or projector to any home theater devices with DVI-D. Supports HDTV with HDCP DVI, digital flat panels native and software-enhanced high resolution, and extends up to 50ft without using repeater or booster. (Part#: CFDP-Sxx Series / Lengths: 6, 10, 15, 30, 50ft)

### 3RCA Premium Component Combo Cables Kit

Connects any home theater devices with component video connectors. It has braid shielding with translucent smoke-colored jacket to prevent electrical interference and shielded 75ohm coax conductors for accurate high definition video. Color-coded gold plated connectors. (Part#: RCA3V Series / Lengths: 6, 12, 25, 50ft)

### RGB 15Pin to RCA Cable

Connects HDTV with VGA/RGB 15pin to any satellite & A/V receivers, cable set-top boxes & DVD players with RCA Component Video ports, or vice versa. (Part#: CC2261 Series / Lengths: 6, 12ft)

**UltraThin VGA/SVGA Male to Male Triple Shielded Flexible Cable.** Connects any VGA/HD15 video to any computer, switch or splitter. Its UltraThin diameter provides space-saving design and flexibility not found on regular VGA cables plus it has reversible mounting screws. This premium cable has triple shielding and works up to 100ft without a signal booster. (Part#: CC388M Series / Lengths: 3, 6, 10, 15, 25, 50, 100ft)

### S-Video Cables

Connects any digital camcorder, S-VHS VCR, DVD, satellite receiver or computer. This cable provides low-loss connections from to any appliances with its shielded 75ohm coax conductors & gold plated connectors. (Part#: CSV Series / Lengths: 6, 12, 25, 50, 100ft)

# HDTV A/V CABLES

## AUDIO PREMIUM CABLES

### Toslink Digital/SPDIF Optical Audio Cable

Connects any stereo or home theater system with Toslink audio port. Works with digital receivers, CD/DVD, or MiniDisc players/recorders. Includes MiniToslink adaptor. (Part#: FCTK Series / Lengths: 6, 10ft)

### 2RCA Premium Component Combo Cables Kit

Connects any home theater devices with component audio connectors. It has braid shielding with translucent smoke-colored jacket to prevent electrical interference and shielded 75ohm coax conductors for accurate high definition video. Color-coded gold plated connectors. (Part#: RCA2A Series / Lengths: 6, 12, 25, 50, 100ft)

### RCA Digital/SPDIF Audio Coax Cable

Connects any subwoofer, DVD, TV/HDTV, S-VHS VCR's, receivers and other home theater devices with component audio connectors. It has braid shielding with translucent smoke-colored jacket to prevent electrical interference and shielded 75ohm coax conductors for accurate high definition video. Color-coded gold plated connectors. (Part#: RCA1V Series / Lengths: 6, 12, 25, 50, 100ft)

## HDCP/DVI 100FT REPEATER/EXTENDER

This HDCP certified repeater actively regenerates the signal to ensure clear and sharp images as far as 100ft. Supports with flat panel, plasma screen, projector, switch, splitter, or any computer video display with DVI-D/DVI-I port. It also works with HDTV, set-top boxes, DTV and DVD with DVI. Required Cables: High Performance DVI Cables. (Part#: MHDCP-RPTR)

### Specifications:

Input/Out Connectors	Single Link DVI-I Female Ports
Max Resolution	1600 x 1200 @ 60Hz 480p, 480i, 720p, 1080i
Max Distance	100ft @ 1280 x 1024 80ft @ 1600 x 1200
Compliance	HDCP / DVI 1.0
Power Adaptor	DC 9v 600mA
Weight	1.45lbs
Dimensions (LxWxH)	118 x 75 x 29mm

## HDCP/DVI OVER FIBER 330FT EXTENDER

Extends DVI up to 330ft (100 meters). It uses hybrid fiber optic cabling that exceeds the performance of copper and silver-coated cables. It has transmitter and receiver modules built-in to the cable that actively regenerates the signal to ensure clear & sharp images. Supports with flat panel, plasma screen, projector, switch, splitter, or any computer video display with DVI port. It also works with HDTV, set-top boxes, DTV and DVD with DVI. (Part#: HSDVI-xxF Series; Lengths: 66, 100, 133, 165, 231, 330ft)

### Specifications:

Input/Out Connectors	Single Link DVI-D Male
Max Resolution	1920 x 1200 @ 60Hz 480p, 480i, 720p, 1080i, 1080p
Bandwidth	1.65Gbps
Max Distance	330ft
Compliance	HDCP / DVI 1.0 / DDC2B
Power Requirement	+5v 600mA Thru DVI Port's Pin#14

# DVI SWITCHES & CABLES

## VIDEO SPLITTERS/DISTRIBUTION AMPLIFIERS

Connects and broadcast simultaneously to eight DVI digital display from one computer.

Its built-in video extender ensures clear and sharp images as far as 32ft away from the CPU. Ideal for classrooms & training facilities, and remote security monitoring. It supports 165MHz bandwidth, up to 1600x1200 60Hz maximum resolution and a two level cascade capability that provides for future expansion. Supports digital plasma screens, flat panels, and projectors. 4Port and 8Port includes rack mount kit. (Part#: MDVI Series / DVI-I Ports: 2, 4, 8)

## VIDEO SHARE SWITCHES

Up to four computers can share one flat panel, plasma screen, projector or any video display with DVI port.

Its built-in video extender ensures clear and sharp images as far as 32ft away from the CPU. Ideal for presentations, classrooms, control center, remote monitoring & training facilities. Supports up to 1280x1024 60Hz resolution, DDC2, and status LEDs with front panel port selector. 4Port includes rack mount kit. (Part#: Mx01DVI Series / DVI-I Ports: 2, 4)

## HDCP/DVI 100FT REPEATER/EXTENDER

This HDCP certified repeater actively regenerates the signal to ensure clear and sharp images as far as 100ft. Supports with flat panel, plasma screen, projector, switch, splitter, or any computer video display with DVI-D/DVI-I port. It also works with HDTV, set-top boxes, DTV and DVD with DVI. Required Cables: High Performance DVI Cables. (Part#: MHDCP-RPTR)

## DVI DIGITAL CABLES

### DVI Premium Cables

Connects any DVI digital flat panel or projector to any computer, switch or splitter with DVI-D. It supports both single and dual link high speed DVI signals, has double shielding for maximum graphics performance and extends up to 30ft. (Part#: CFDD-Dxx Series / Lengths: 6, 10, 15, 20, 25, 30ft)

### DVI Premium Extension Cables

Extends any DVI-D cable. It supports both single and dual link high speed DVI signals, has double shielding for maximum graphics performance and extends up to 30ft. (Part#: CFDDX-Dxx Series / Lengths: 6, 10, 15ft)

### DVI High Performance Cable

Connects any DVI digital flat panel, HDTV or projector to any home theater devices with DVI-D. Supports HDTV with HDCP DVI, digital flat panels native and software-enhanced high resolution, and extends up to 50ft without using repeater or booster. (Part#: CFDP-Sxx Series / Lengths: 6, 10, 15, 30, 50ft)

### DVI Male to DFP Male Flat Panel Adaptor Cable

Connects any 20Pin DFP flat panel monitor to any computer with DVI port, or vice versa. Adaptors are also available. (Part#: CF20D-xx Series / Lengths: 6, 10ft)

### VGA Male to DVI Male Flat Panel Adaptor Cable

Connects any VGA/SVGA monitor with HD15 female to any computer or switch with DVI-I port, or vice versa. Adaptors are also available. (Part#: CF15D-xx Series / Lengths: 6, 10ft)

# S-VIDEO & AUDIO CABLES

## S-VIDEO CABLES

### S-Video Digital Video Cables:

Connects any digital camcorder, S-VHS VCR, DVD, satellite receiver or computer. Higher gauge cables are recommended for extended length high performance applications. All cables have gold plated connectors. (Part#: CSV Series / Lengths: 6, 12, 25, 50, 100ft)

### S-Video Splitter Cable

Connects two S-Video display such as monitors, television or projectors to one computer with S-Video female port. Ideal for presentations, conferences and training purposes. (Part#: CSV2F / Length: 12")

### S-Video to Two RCA Female Adaptor

Converts any S-Video port into two RCA composite video port. It allows you to connect any camcorder, VHS VCR, DVD, satellite receiver, computer, switches or projection TV with RCA port with standard RCA composite cable. (Part#: CSV2RCAF / Length: 12")

### S-Video to Two RCA Male Cable

Connects any digital camcorder, S-VHS VCR, DVD, satellite receiver or computer with S-Video port to composite RCA port such as switches, VHS, projector or television. (Part#: CSV2RCA-10 / Length: 10ft)

### S-Video to Two BNC Female Adaptor

Converts any S-Video port into two BNC composite video port. It allows you to connect any camcorder, VHS VCR, DVD, satellite receiver, computer, switches or projection TV with BNC port with standard BNC composite cable. (Part#: CSV2BNCF / Length: 12")

### S-Video to Two BNC Male Cable

Connects any digital camcorder, S-VHS VCR, DVD, satellite receiver or computer with S-Video port to BNC port such as switches or projection TV. (Part#: CSV2BNC-10 / Length: 10")

### S-Video to Composite Female Adaptor

Converts any S-Video port into composite video port. Connect any composite video devices such as VHS, computers, or projectors to an S-Video port. (Part#: CSV1RCA / Length: 6")

## TOSLINK & 3.5MM STEREO AUDIO CABLES

### Toslink Optical Audio Cables

Connects any stereo or home theater system with Toslink digital/SPDIF audio port. Works with digital receivers, CD/DVD, MiniDisc players/recorders, or any other digital audio device with optical connectors. Includes Mini-Toslink adaptor. (Part#: FCTK Series / Lengths: 3, 6, 10, 15, 25ft)

### 3.5mm Mini-Stereo Male to Two RCA Male Speaker Cable

Convert the PC stereo speaker port into regular RCA and connect it to your stereo system. (Part#: CC399 Series / Lengths: 5, 12ft)

### 3.5mm Mini-Stereo Male to Two RCA Male Speaker Adaptor

Convert the PC stereo speaker port into regular RCA and connect it to your stereo system. (Part#: CC399AC / Length: 8")

### 3.5mm Mini-Stereo Female to Two RCA Male Speaker Adaptor

Convert any PC stereo speaker cable into regular RCA and connect it to your stereo system. (Part#: CC399FM / Length: 8")

### 3.5mm Mini-Stereo Male to Male Speaker Shielded Cable

Connects any stereo audio devices including PC sound card, speaker, headset, CD players and microphone. (Part#: CC400M Series / Lengths: 6, 12, 25ft)

### 3.5mm Mini-Stereo Male to Female Speaker Shielded Extension Cable

Extend any stereo audio cable. (Part#: CC400 Series / Lengths: 6, 12, 25ft)

### 3.5mm Mini-Stereo Male to Two Female Splitter Adaptor

This "Y" splitter cable allows you to connect two speakers systems to one PC, share one wireless speaker system between two PC or connect two headsets to your walkman or iPod. (Part#: CC400Y / Length: 6")

# VGA MATRIX & CABLES

## VIDEO MATRIX - SPLITTER/SHARE SWITCHES

Connects, share and broadcast to sixteen VGA video display from two computers. Video Sharer and Video Splitter in one switch.

Two computers can share up to a combination of up to sixteen monitors, projectors or any video displays with VGA port (Video Share), a computer can control all sixteen video output and project to all monitors (Video Splitter), or both computers can control certain ports simultaneously (Video Share). It has a bandwidth of 250MHz to maintain video integrity and provides clear & sharp images. Ideal for presentations, classrooms, control center, remote monitoring & training facilities. Provides high resolution up to 1920x1440, status LEDs, & front panel port selector. For plasma screens, up to 1024x768 is supported. Includes power adaptor. All HD15 connectors are female. (Part#: MSV60xPHX2 Series / Ports: 2x2, 2x4, 2x8, 2x16)

## VGA CABLES

**UltraThin VGA/SVGA Male to Male Triple Shielded Flexible Cable.** Connects any VGA/HD15 video to any computer, switch or splitter. Its UltraThin diameter provides space-saving design and flexibility not found on regular VGA cables plus it has **reversible mounting screws**. This premium cable has triple shielding and

works up to 100ft without a signal booster. (Part#: CC388M Series / Lengths: 3, 6, 10, 15, 25, 50, 100ft)

**VGA/SVGA Male to Male Triple Shielded Cable** Connects any VGA/HD15 video to any computer, switch or splitter. This premium cable has triple shielding and works up to 200ft without a signal booster. Available in Beige and Black color. (Part#: CC388D & CC388B

Series / Lengths: 3, 6, 10, 15, 25, 35, 50, 75, 100, 150, 200ft)

**VGA/SVGA Male to Male Triple Shielded Plenum Cable.** Connects any VGA/HD15 video to any computer, switch or splitter. This premium cable has triple shielding and works up to 200ft without a signal booster. Plenum grade to meet NEC fire code requirement. (Part#: CC388P Series / Lengths: 10, 25, 35, 50, 75, 100ft)

## VGA EXTENSION CABLES

**UltraThin VGA/SVGA Male to Female Triple Shielded Flexible Cable.** Extends any VGA/HD15 cable. Its UltraThin diameter provides space-saving design and flexibility not found on regular VGA cables plus it has **reversible mounting screws**. This premium cable has triple shielding and works up to 100ft without

a signal booster. (Part#: CC320M Series / Lengths: 3, 6, 10, 15, 25, 50ft)

**VGA/SVGA Male to Female Triple Shielded Cable.** Extends any VGA/HD15 cable. This premium cable has triple shielding and works up to 200ft without a signal booster. Available in Beige and Black color. (Part#: CC320D & CC320B Series / Lengths: 3, 6, 10, 15, 25,

35, 50, 75, 100ft)

**VGA/SVGA Male to Female Triple Shielded Plenum Cable.** Extends any VGA/HD15 cable. This premium cable has triple shielding and works up to 200ft without a signal booster. Plenum grade to meet NEC fire code requirement. (Part#: CC388P Series / Lengths: 10, 25,

35, 50, 75, 100ft)

# VGA SHARE SWITCHES

## VIDEO SELECTOR WITH PUSH BUTTON

Up to four computers can share one monitor, projector or any VGA video display.

This premium video selector has a bandwidth of 250MHz to maintain video integrity and provides clear & sharp images. Ideal for presentations, classrooms, control center, remote monitoring & training facilities. Provides high resolution up to 1920x1440 & status LEDs. Includes power adaptor. All HD15 connectors are female. (Part#: MSV10xP Series / Ports: 2, 4)

## VIDEO SELECTOR WITH REMOTE CONTROL

Up to eight computers can share one monitor, projector or any VGA video display.

This premium video selector has a bandwidth of 250MHz to maintain video integrity and provides clear & sharp images. It has remote control for port selection, OnScreen Display menu and auto scan.

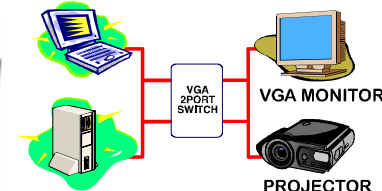

Ideal for presentations, classrooms, control center, remote monitoring & training facilities. Provides high resolution up to 1920x1440 & status LEDs. Includes power adaptor. All HD15 connectors are female. (Part#: MSV10xRC Series / Ports: 4, 8)

## VIDEO SHARE MANUAL DATASWITCH

### VGA/HD15 2x2 (Crossover) Premium Switch

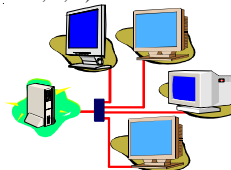

Two PC's share Two VGA monitor. This AB switch allows you to share two VGA video devices between two computers. When the computer on Port A is connected to the video projector, the other computer on Port B is automatically connected to the VGA monitor. It is fully-wired to support all VGA applications, resolutions up to 1024 x 768 and is guaranteed up to 10,000 switching cycles. **It features SureGrip to provide stability during switching.** (Part#: CA298XS Series / Ports: 2)

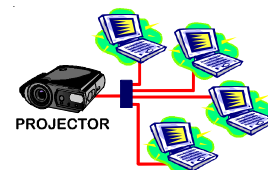

## VIDEO SHARE/SELECTOR MANUAL DATASWITCH

Multiple computers share a VGA device, or one computer display on one of up to six video devices.

An affordable way to share any video device with a HD15 interface such as monitor, analog flat panel, and projector. It is fully-wired to support all VGA applications, resolutions up to 1024 x 768 and is power free. These manual dataswitches have a shielded metal case to provide protection against electronic interference, and has a moisture proof mechanism. The heavy duty sealed rotary switch is guaranteed up to 10,000 switching cycles. **It features "SureGrip" to provide stability during switching.** (Part#: CA298S Series / Ports: 2, 4, 6)

CHOICES OF VIDEO DISPLAY

PROJECTOR SHARE

# VGA SPLITTER

## VIDEO SPLITTER WITH AUDIO

### 400MHz VGA Video Splitter

Connects and broadcast to eight monitors/projectors with audio from one computer. Its built-in video extender ensures clear and sharp images as far as 213ft away from the CPU. It is ideal for classrooms & training facilities, and remote security monitoring. It has a bandwidth of 400MHz, up to 2048x1536 maximum resolution and a two level cascade capability for future expansion. Includes power adaptor. Recommended Cables: CC320D HD15 Male to Female & CC388D HD15 Male to Male. (Part#: MSV60xP4A Series / Ports: 2, 4, 8)

## VIDEO SPLITTER WITH "PRIVACY SWITCH"

### 400MHz VGA Video Splitter with Port On/Off Switch

Connects and broadcast to eight monitors/projectors from one computer. This video splitter has On/Off push button on each port that allows you turn on the display on specific port and works well for privacy applications or when there is a projector connected. Most projector go into power-saving mode when there is no video signal. Its built-in video extender ensures clear and sharp images as far as 213ft away from the CPU. It is ideal for classrooms & training facilities, and remote security monitoring. It has a bandwidth of 400MHz, up to 2048x1536 maximum resolution and a two level cascade capability for future expansion. Includes power adaptor. All HD15 connectors are female. (Part#: MSV60xP4PC Series / Ports: 2, 4, 8)

## VIDEO SPLITTERS

### 400MHz VGA Video Splitter

Connects and broadcast to eight monitors/projectors from one computer. Its built-in video extender ensures clear and sharp images as far as 213ft away from the CPU. It is ideal for classrooms & training facilities, and remote security monitoring. It has a bandwidth of 400MHz, up to 2048x1536 maximum resolution and a two level cascade for future expansion. Includes power adaptor. All HD15 connectors are female. (Part#: MSV60xP4 Series / Ports: 2, 4, 8)

### 250MHz VGA Video Splitter

Connects and broadcast to sixteen monitors/projectors from one computer. Its built-in video extender ensures clear and sharp images as far as 200ft away from the CPU. It is ideal for classrooms & training facilities, and remote security monitoring. To ensure the best video integrity, the video splitter has a high bandwidth of 250MHz, up to 1920x1440 maximum resolution and a two level cascade for future expansion. Includes power adaptor. All HD15 connectors are female. (Part#: MSV60xPH Series / Ports: 2, 4, 8, 16)

## VGA WITH AUDIO COMBO

15, 25, 50, 100ft)

**VGA/SVGA & 3.5mm mini-Stereo Male to Male Combo Cable.** Connects any VGA/HD15 video with audio to any computer, switch or splitter with HD15/3.5mm stereo female ports. This premium combo cable eliminates clutter and improves cable management. It has color-coded connectors for error-free hook-up and triple shielding. (Part#: CC388A Series / Lengths: 6, 10,

# CAT6 & MINI-USB CABLES

## CATEGORY 6 250MHz CERTIFIED CABLES

### Flat CAT6 Stranded Blue Molded Patch Cord

Connects any CAT5 or CAT6 application such as computer to hub, patch panel or wall jack. Perfect for space-tight network installations. This ultraflat CAT6 PVC stranded patch cord meets TIA/EIA 568A specifications, and support all CAT5 & CAT6 high speed applications such as 1Gig and 10GigEthernet. It has molded boots to prevent damage to the connector and use stranded wires for added cable flexibility. (Part#: CC715F Series / Lengths: 3, 7, 14, 25ft)

### 1000ft CAT6 Solid PVC Bulk Cable

This cable has four twisted pair wires, meets TIA/EIA 568A specifications and supports all CAT5/CAT6 and other high speed applications such as 1Gig & 10Gig Ethernet. Solid wiring adds stiffness for backbone installations. It is length-marked for quick measuring & to track remaining cable. Mounted on easy pull box. (Part#: CC707 Series / Colors: Blue, Gray)

### 1000ft CAT6 Solid PVC Bulk Cable with Divider

This cable has four twisted pair wires, meets TIA/EIA 568A specifications and supports all CAT5/CAT6 and other high speed applications such as 1Gig & 10Gig Ethernet. It has an internal divider (spline) that serves to separate the pairs within the cable and reduce cross-talk. Solid wiring adds stiffness for backbone installations. It is length-marked for quick measuring & to track remaining cable. Mounted on easy pull box. (Part#: CC707D Series / Colors: Blue, Gray)

### 1000ft CAT6 Stranded PVC Bulk Cable

This cable has four twisted pair wires, meets TIA/EIA 568A specifications and supports all CAT5/CAT6 and other high speed applications such as 1Gig & 10Gig Ethernet. Stranded wiring adds cable flexibility and is ideal for patch cord. It is length-marked for quick measuring & to track remaining cable. Mounted on easy pull box. (Part#: CC708 Series / Colors: Blue, Gray)

**RJ45 Couplers and Connectors, CAT6 Round Patch Cords are also available.**  
Colors: Blue, Black, Green, Gray, Orange, Purple, Red, Yellow, White  
Lengths: 3, 5, 7, 10, 14, 25, 50, 100ft

## MINI-USB 2.0 CABLES

### USB 2.0 Type-A to Mini-B Cable

Connects your computer to any USB device with Mini-B female port. This cable allows you to connect peripherals such as minicam, digital cameras, MP3 players, storage drives, digital voice recorder and cell phones with the mini-USB port. It is USB 2.0 certified with speed up to 480Mbps and supports USB-on-The-Go (OTG) devices. (Part#: CC2215C Series / Lengths: 6, 10, 15ft)

### USB 2.0 Mini-A to Mini-B Cable

Connects your computer with Mini-A to any USB device with Mini-B female port. This cable allows you to connect peripherals such as digital cameras, MP3 players, and storage drives. It is USB 2.0 certified and supports USB speed up to 480Mbps and supports USB-on-The-Go (OTG) devices. (Part#: CC2216C Series / Lengths: 3, 6, 10ft)

### USB 2.0 Mini-A to Type-B Cable

Connects your computer with Mini A to any USB device with Type-B female port. This USB 2.0 compliant cable allows you to connect hubs and peripherals such as printers, scanners, and storage drives. Supports USB speed up to 480Mbps. (Part#: CC2217 Series / Length: 6ft)

## CABLES WITH LEDs

**BLUE** • **GREEN** • **RED** • **WHITE** • **ORANGE** • **PURPLE**

**Light up your connections** with FireWire400 & USB 2.0 Translucent cables with LED! These cables are a colorful way to know if your connection is right on track – the built-in LEDs in both ends of the cable light up to indicate that devices are properly linked & working. Convenient to use with PC-to-hub connections and the different colors allow for **color-coding** your devices. Hook up hubs or peripherals like printers, scanners and storage devices and the cable ends will light up when a functioning device is connected to the PC or hub.

All FireWire400 cables are IEEE1394a compliant while USB 2.0 are 480Mbps high speed cables. It has silver braid shielding with a translucent jacket. Available with **blue, red, white, green, orange or purple** LED lights with lengths of 3, 6, 10, and 15ft.

### USB 2.0 480Mbps CABLES:

CC2209C Series Type A to B Cables  
CC2210C Series Extension Cables

### IEEE1394 FIREWIRE400 CABLES:

CC1394 Series 6Pin to 6Pin Cables  
CC1394B Series 6Pin to 4Pin Cables

### USB 2.0 & FIREWIRE400 CABLES WITH MULTI-COLOR LED

Continues-Changing-Colors LED lights on both ends.

CC2209C-06L USB Type A to B Cables  
CC1394-06L FireWire 6Pin to 6Pin Cables  
CC1394B-06L FireWire 6Pin to 4Pin Cables

## THE COOLEST FIREWIRE & USB CABLES

**Connects PC/Hub to peripherals**  
**Know if your port or peripheral is working**  
**LEDs on both ends of the cable**

# HDMI

## CONNECTIVITY SOLUTIONS

### HIGH-DEFINITION MULTIMEDIA INTERFACE

HDMI CABLES

HDMI TO DVI CABLES

PATENT-PENDING SWIVEL CONNECTOR

HOME THEATER & PC APPLICATIONS

#### FEATURES:

- HDMI certified cables
- Exceeds RoHS Specification
- 100% Lead-free & Toxic-free "Green" cables
- Supports up to 5Gbps bandwidth
- Flexible DVI swivel connector
- HDCP compliant

#### PRODUCTION PROCESS:

- Laser jacket stripping & aluminum foil cutting
- Precise machine soldering

#### APPLICATIONS:

- HDTV, Plasma & LCD screens
- Home theater systems & digital Set-top boxes
- Sattelite receivers & digital DVD players
- High resolution computer monitors
- Digital projectors
